WEBINAR REPORT

DATE: 20-05-2020

TIME: 11-00AM TO 12-00 NOON

TOPIC: WEALTH MANAGEMENT FOR LIFE

NAME OF THE SPEAKER & BRIEF BIO-DATA:

SONAL KOTAK, FOUNDER & OWNER, INTEGRITI INVESTMENTS, BARODA

Integriti Investments was founded by Sonal Kotak, a gold medalist in MBA Finance and one of the top achievers in Citibank at her time. She started the company, a boutique Financial Consultancy firm in May of 2007. The company offers services in the area of Financial planning and Wealth management .

While the company is based in Vadodara, Gujarat, it offers services to clients across India and even other parts of the globe, outside India. In its tenth year of operations, the company has a full fledged team handling operations and services for clients. The company also offers online transactions for its clients through this website. Integriti Investments also has strategic partnerships with key research agencies in India and abroad and hence has access to proprietary research on Indian and global financial markets.

At Integriti Investments, it's been a client centric approach always. While advising clients, the highest levels of ethics and honesty have been maintained, as can be endorsed by clients

Integriti Investments was started by me a decade ago after I had completed close to 8 years in leading multinational banks like Citibank and HDFC Bank. As a founding team member of the Citibank Baroda branch, I helped set up the branch and worked as a Citigold Relationship Manager and Investment, handling Portfolio Management and Investments for High Networth Individuals, Trusts , Corporate Treasuries and Retail Small and Medium enterprises. At this time, the Assets Under my Management (AUM) were approx 112 Cr. across 300 clients.

With close to 2 decades of experience in Financial Markets and Wealth Management, I have deep knowledge and expertise in an array of financial products (fixed income, equities, alternate investments, structured products, etc). Over the years, I have also seen the markets go through various phases thus giving me considerable hands-on knowledge in providing appropriate solutions for various investment needs.

ORGANISIZING SECRETARY: DR. SANJAY R. AJMERI

BRIEF REPORT:

Wealth management has a wider scope and has long term wealth creation as its primary motive. As such, wealth management can be described as a wealth creation process where a team of professionals analyze the financial needs of the client and suggest the appropriate financial products. Such a process would include wealth protection (risk management), accumulation of wealth (growing asset base), putting your wealth to work (creation of income from such asset base) and later wealth distribution (post-retirement and succession planning).

Proud Member of Rotary Club Of Baroda

ORGANISIZING SECRETARY: DR. SANJAY R. AJMERI

BRIEF REPORT:

The Micro, Small and Medium Enterprises sector has emerged as a highly vibrant and dynamic sector of the Indian economy over many decades. It contributes significantly in the economic and social development of the country by fostering entrepreneurship and generating largest employment opportunities at comparatively lower capital cost, next only to agriculture. MSMEs are complementary to large industries as ancillary units and this sector contributes significantly in the inclusive industrial development of the country. The MSMEs are widening their domain

across sectors of the economy, producing diverse range of products and services to meet demands of domestic as well as global markets.

The MSMEs have been contributing significantly to the expansion of entrepreneurial endeavours through business innovations. The MSMEs are widening their domain across sectors of the economy, producing diverse range of products and services to meet demands of domestic as well as global markets.

- The Share of MSME in GDP is around 30%.
- The estimated Number of MSMEs- Activity Wise- i.e., Manufacturing, Trade & Services – 633.88 lakhs
- Employment- 1109.89 lakhs.
- Exports is around 48%.

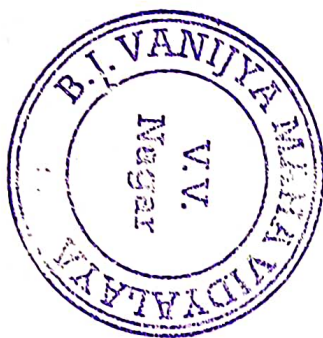

India's MSME sector is poised for a mega transformation in 2020, with the launch of an Alibaba-like e-marketplace, trendy yet affordable khadi products to appeal to the masses and digital data-based credit ratings to help entrepreneurs avail loans. However, the MSME sector was in an urgent need of major reforms and policy interventions towards ensuring timely availability of low cost credit, improving ease of doing business and technology upgradation, to take on the formidable challenge of creating millions of jobs and achieving large-scale import substitution.

The Centre envisions a contribution of USD 2 trillion from micro, small and medium enterprises (MSMEs) as India eyes becoming a USD 5 trillion economy by 2024. The Union MSME ministry helmed by Nitin Gadkari has also set a target of generating 5 crore additional jobs from the sector by then, two ambitious goals which would require a robust policy framework.

Last week, India's most powerful globalised brand Narendra Modi invoked Bharatiya as the formula for Atma Nirbharta (self-reliance). Honarable PM has given a unique marketing spin to Indian heritage, culture, traditions and socio-economic philosophy. The COVID-19 pandemic compelled him to reassert his swadeshi roots when during a 31-minute speech he

announced a mammoth relief package of Rs 20 lakh crore to revive indigenous talent and hidden skills.

India will fire on all cylinders to achieve atmanirbharta (self-reliance) and could offer tax sops, procurement preference in government contracts for domestically produced goods while imposing stringent non-tariff barriers to discourage imports.

Sub: Letter of Thanks and appreciation

Respected Sir

I would like to extend heartfelt thanks to you for your thought provoking speech during National Webinar on "Financial Transformation - MSME - Way Ahead to Atmanirbharta". Please accept our appreciation for such an admirable deliberation.

I once again thank you for such a pleasing speech and hope to hear your enlightening words again.

Thanking you very much.

Dr. Ketaki Sheth
Principal
