About the Book

This book is a compendium of papers presented in the 'International Conference on Emerging Global Economic Situation: Impact on Trade and Agribusiness in India'. The book is structured in four parts with thirty four papers. The first part discusses the aspects related to Crop Production and Agriculture Growth, while second part highlights the issues related to Agriculture Marketing and Prices in India. The third part of book presents the important issues related to Credit Income Insurance in India and last part presents innovation and Factors Influencing Sector. This book will be very useful for all those who are interested in issues related to growth of agriculture and allied sectors in our country.
